- **Treasurer's Report-** copy attached

- **Old Business**

- National Model Aviation Day: Members decided to not sponsor an Aviation Day Open House this year. There was support for having one or more simpler, less involved fun-flies or picnics.
- Bush Hogging: The Herb May Lawn Services proposal for bush-hogging (discussed at the last meeting) was accepted. The first mowing was performed on 9 May.

- **New Business**

- Purchase of Mower: On 25 April, club members approved (via email) the purchase of a new Husqvarna TS148XK mower on "half-price clearance sale" at Lowes. The \$1500 purchase was made on 26 April. The old White mower was sold on 9 May for \$200.
- Field Tables: Walt M. offered to prime and paint the new field stands when his personal schedule permits. He will announce the date when known; helpers will be welcomed.
- Geotextile Runway: Members discussed the possibility of installing a geotextile runway (possibly with used fabric) at our site. The consensus was to not pursue such a project at this time.

- **Show and Tell**

- Luther Hux demonstrated flight of his vintage fabric wing aircraft. The plane was featured on the cover and in an article (authored by Luther himself) in the Sep 1980 issue of "Model Aviation".

Happy Flying!

Next meeting will be at the field on 17 June, 7pm
